

## STAY CREATIVE

### Activities for young people Summer 2020

We know that the COVID-19 outbreak has changed the way we all live, work and play. We realise that this is a challenging and worrying time for many. In response, and in line with government updates, we have changed the way we work; ensuring we still do everything to support you or those you work with.

Whilst we are not able to offer face-to-face programmes, we are offering lots of exciting ways for YOU to get involved virtually.

*Don't worry if you don't have data, a phone/digital device we will work with you to find a solution.*

**CASHBACK TO THE FUTURE:** Ideal for those looking for something structured to 'do' over the summer.

Great for anyone aged 14-19 who may not be enjoying school or who is finding things challenging at the moment. From July, and over 4 weeks, we will help you explore and develop creative skills across a whole host of areas like Visual Arts, Film, Performance, Creative Writing, Music and more. You don't need any prior knowledge – the focus is on fun and we will provide you with all the kit needed to get involved. More info [here](#)

**CREATIVE PATHWAYS: Ideal for those looking to find a new route to employment/qualifications**

We know that formal education is not for everyone, and that finding a route to employment can be tricky. We believe that we can change that. If you're 16-26 and are not at College or in Full-time employment, then this course could be for you. Over 10 weeks and using the arts as a focus, we will support you to feel more confident, overcome some of the hurdles you might be facing and gain some qualifications.

All delivery will be online, and you will be supported by an artist and opportunities co-ordinator who will provide 1:2:1 and group support. You don't need to be a whizz at art to join in - an interest in creativity is more than enough. We will provide you with everything you need to get involved. More info [here](#)

**MAKE IT YOUR OWN (MIYO): Ideal for those leaving Care**

Are you a care leaver preparing to enter into your own tenancy – or perhaps you have done so within the last year? If so, this programme is for you! We will work with you on a 1:2:1 basis to explore how you can turn your space into a home. You will be supported to explore your style and how this can be incorporated across your interiors. You will learn new skills, surprise yourself and turn your pad into somewhere you call your own. More info [here](#)
